Safety Rules at Site Werndorf

Hard hats are required at all operating areas of the plant.

Safety glasses are required at all operating areas of the plant and in all labs.

Suitable leather footwear is required at all operating areas of the plant (no open-toed or open-backed shoes, no cloth shoes, no high heels; steel-toed shoes are preferred).

Long clothing is required at all operating areas of the plant (no sleeveless shirts or shirts, no skirts).

Smoking is permitted only in designated areas.

Cellular phone usage is restricted to office areas, lunchrooms and conference rooms.

It is not allowed to take pictures (special permit from site manager is required).

You must remain with your plant guide at all times, do not touch anything.

The plant evacuation alarm is a loud siren. In the event of a building evacuation, you must go directly to the assembly area in front of the social building.

Use handrails whenever walking stairways.

We wish a nice and safe tour through the plant!
